

At First Media Academy,
we help you bridge the gap
towards your dream
design career.

Do you possess the
right mindset for this
transformation?

If you can visualise it,
you can change it.

CHANGING MINDSET, CHANGING CAREER DESTINY

CHANGE BEGINS AS AN IDEA IN YOUR MIND

At First Media Academy, we are the catalyst that sparks the wonder of your imagination, turning your dreams as designers into reality. Visualise the changes you wish to achieve.

If you can visualise it, you can change it.

Ms. Tan, Sharon

**DESIGN YOUR
CAREER
DESIGN YOUR
SUCCESS**

A design career is reserved only for the bold.

It belongs only to courageous individuals who have gone beyond their expected destiny, overcoming extreme difficulties to live out their design career dream.

If you can visualise it, you can change it.

To master our career destiny, we must first master our mind. To master our mind, we must know how our mind works. To know how our mind works, we must master the knowledge needed to master our mind.

If you can visualise it, you can change it.

MASTER CAREER DESTINY - ENTREPRENEURSHIP

**PASSION,
HUNGER,
DISCIPLINE**

Do you have what it takes to join the ranks of high achievers? Passion, hunger and discipline are 3 key traits to achieving success in our career and journey of life.

If you can visualise it, you can change it.

CREATIVE THINKING INCREASES MENTAL AGILITY

At First Media Academy, we encourage creative thinking. The process leads to the broadening of our mental capacity and agility. It helps to invigorate our senses and multiply our interpretation of things and matters in multi-perspective.

If you can visualise it,
you can change it.
